Anwar Khan

anwarkhan84088@gmail.com | 8408852662 | github.com/anwarkhan01

Professional Summary

Aspiring MERN stack developer passionate about building scalable and user-friendly web applications. Skilled in developing dynamic frontends with React, HTML, CSS, JavaScript, and Tailwind CSS, while managing backend operations with Node.js, Express.js, and MongoDB. Currently pursuing a B.Sc. in Computer Science, set to graduate in April 2025. Dedicated to writing clean, maintainable code, improving application performance, and continuously learning new technologies to enhance development efficiency.

Technical Skills

- **Language:** JavaScript
- **Frontend:** React.js, HTML, CSS, Tailwind CSS
- **Backend:** Node.js, Express.js, MongoDB
- **Tools & Platforms:** Git, GitHub, JWT Authentication, Cloudinary

Projects

MarketHub
A web platform connecting individuals with local service providers.
- Developed a full-stack marketplace using React, Node.js, Express.js, and MongoDB.
- Implemented JWT authentication for secure user and service provider login.
- Integrated Cloudinary for profile image storage.
- Implemented location functionality using Leaflet & OpenStreetMap APIs.
